

Indoor & Outdoor Boat & RV Storage

Need to declutter your RV or RV site? Staying in Saratoga Springs for the summer and want to store over the winter? Now, the Saratoga Springs area has affordable, reliable, and convenient storage solutions available.

Indoor Storage & Parking

We are pleased to announce that we recently added new indoor storage units of various sizes to our property. These indoor storage units are 8x10 (80 s.f.) or 16x10 (160 s.f.) in size and are perfect to securely store your camping supplies, kayaks, canoes, generators or any items you don't want cluttering up your space or need to leave year round or over the summer or winter.

The indoor storage units have large doors, so you can easily load your belongings, sturdy diamond plated floors, and are drive-up accessible. Best of all, they are cost effective!

Outdoor Storage & Parking

Saratoga RV Park offers two types of outdoor storage spaces. The Regular Outdoor Spaces are soft surface storage enclosed within the perimeter fencing. The Premium Outdoor Spaces are hard surface storage enclosed within the perimeter fencing.

All outdoor vehicle & boat storage solutions are designed to keep your RV, Boat, Camper, Motorhome, Coach, Recreational Vehicles, Truck, and Trailer safe, all at affordable prices.

For your convenience, we offer month-to-month leases on our storage units, so you're not locked into a long-term lease. We require the use of our cylinder lock, which is available at the office to buy.

| 2023-24 Rates | | | |
|-------------------------------|-----------------|---------------------|-------------------|
| Site Type | Monthly Storage | 6 Months (Pre-Paid) | Annual (Pre-Paid) |
